

Spannungsprüfer

PAN MV-690A

Voltage tester with LED display

- 2-pole voltage tester AC and DC
- **With test button for 30mA RCD - Circuit Breakers**
- **Switchable load for suppressing stray voltages to distinguish "real" voltage of stray voltage.**
- Indication of polarity for DC
- Single-pole phase test
- **Phase sequence indicator**
- **LED flashlight**
- Dimensions 240 x 78 x 40 mm
- **CAT II 1000 V**
- **CAT III 600 V**
- **TÜV GS tested**
- Lieferumfang: Battery 2x AAA, Operating manual

	PAN MV-690A
Continuity / Circuit tester	40 Ω
Frequency range	50 - 60 Hz
Weight (gross / net)	578 g / 204 g
